

*The 20's and 30's brought about the era of flamboyance,  
panache and of course cocktails across North America.  
Hotel Gotham has missed this age, so we've brought it back.*

*Welcome to Club Brass, where style compliments substance.*

***“They were smart and sophisticated, with an air of independence about them, and so casual about their looks and clothes and manners as to be almost slapdash. I don't know if I realized as soon as I began seeing them that they represented the wave of the future, but I do know I was drawn to them. I shared their restlessness, understood their determination to free themselves of the Victorian shackles of the pre-World War I era and find out for themselves what life was all about.”***
